[Press Release]

Geely Automobile Holdings Limited SALES VOLUME FOR FEBRUARY 2014 REACHED 21,415 UNITS SALES VOLUME DOWN 32% YOY

(HONG KONG, 10 March 2014) --- Geely Automobile Holdings Limited ("Geely Automobile"/the "Group") (Stock code: 175) announced that the total sales volume of the Group for the month of February 2014 was 21,415 units, a decrease of approximately 32% from the same period last year. For earier comparison, the total sales volume in the first two months of 2014 was 54,850 units, down approximately 42% from the same period last year. As mentioned previously, the ongoing reshuffle of the sales and marketing system of the Group and the fact that the Group is still in the traditional slack season for exports sales have contributed to the lower sales volume achieved in February 2014. Also, the Group is in the midst of a major product upgrading cycle and this would affect the Group's sales in the early part of the year. The Group's exports volume was 6,829 units in the first two months of 2014, down around 55% from the same period last year. During the first two months of 2014, the Group's total sales volume in the China market was 48,021 units, a decrease of around 40% from the same period last year.

The Spokesman of Geely Automobile said, "During the first two months of 2014, the sales volume of the Group's best selling model 'Emgrand EC7' was 19,189 units, a decrease of about 34% from the same period last year. The aggregate sales volume of 'GX7' and 'SX7', the Group's Sport Utility Vehicles (SUVs) reached 5,375 units in the first two months of 2014, a decrease of about 48% from the same period last year. The sales volume of 'GC7' was 4,560 units in the first two months of 2014, an increase of around 29% from the same period last year."

Detailed sales volume data will be available upon request. Please contact Ms Tracey Tong at Prime International for further information. The sales volume figures released so far are based on a more stringent recognition criterion, requiring all sales to be contracted, paid and delivered before it would be recognized. These figures, however, are still preliminary figures and would be subject to changes and final confirmation.
